1. What have I done since the last time reported?

I finished the create and delete function, and they are both working on our project now.

2. Self-reflection?

I am not familiar enough with the elasticsearch, and it cost me a lot of times to do the research. I should have done some researches during prepare for this project.

3. What is the plan until next time report?

Develop the Create, Update, and Delete functions.
