

## Million team Self-reflection

Yichen Li

Time: 06/10/2019(Week9)

Role(s): Developer/Test manager

### 1. What have I done since the last time reported?

I continuously participated in the frontend team for access control and staff identification, we developed the function which could give authority to staff to manage the system.

### 2. Self-reflection?

I learned much on Django and html knowledge which could benefit future's career.

### 3. What is the planned until next time report?

Focus on the fixing the bugs on access control and prepare for show case and audit 3.
