

## Million team Self-reflection

Yichen Li

Time: 29/09/2019(Week8)

Role(s): Developer/Test manager

### 1. What have I done since the last time reported?

I prepare the questionnaires and work for user cases tests. Meanwhile, collect the data and return the feedback to developers.

### 2. Self-reflection?

This week I pay much attention to deal with feedbacks and give some valuable suggestions to front-end and back-end.

### 3. What is the planned until next time report?

Focus on collecting the data from questionnaire and help other teams for development of main features.
