Million team Self-reflection
Rui Zhang
Time: 22/09/2019(Week7)
Role(s): Developer/Risk manager

1. What have I done since the last time reported?
   I assisted team manager to look at all the feedback we received and reflect it in the organization group, making decisions for each feedbacks and archiving them at the same time.
   I continuously participated in the backend team read the json file.
   I did research and was trying to implement the CRUD of Elasticsearch.
2. Self-reflection?
   This week, because I have two midterm exams, which costs me a lot of time and energy, so in addition to our team meeting with client and tutorial, I have limited time invested in the project. I will spend more time on this in the next few weeks
3. What is the planned until next time report?
   Focus on the CRUD of Elasticsearch and finish the read, create, delete function in terms of backend work as soon as possible.
